

With a Colorado version of Improved Medicare for All,
Everyone can access quality health care affordably.

Ask your political leader:

“What will you do to help us get a Colorado version of Improved Medicare for All, and how soon can it be implemented?”

We need health care for ALL and we need it NOW!

“People are forfeiting their dreams, retirements, education and homes because they cannot afford health insurance. We are all getting ripped off: Even those with insurance are paying way too much.”

“Coloradans are suffering, even dying needlessly.”

Stop the ripoff!

Quality affordable health care for all for life
